

## Peel Lesson 2: teacher notes

---

Speaker notes and timings for each slide, from the slides in peel-lesson-2-slides.pdf. Practice sources are invented and labelled.

### 1 Title

0 to 1 min. Big question. Today students write three references and check them with Peel.

---

### 2 Do now: fix the reference

1 to 5 min. Put the pieces in order: author, year, title, publisher. Answer: C, A, D, B.

---

### 3 Two parts

5 to 8 min. Every reference has two halves that match. The in-text citation is short and sits in your writing. The reference list entry is full and sits at the end. Open [peel.kanbananza.com/guides](https://peel.kanbananza.com/guides) on the Harvard page.

---

### 4 Anatomy: book

8 to 10 min. Label each part on the anatomy handout. Colours match Peel's citation preview, and each has a shape and a word.

---

### 5 Anatomy: journal

10 to 12 min. A journal article adds the journal name in italics, volume, issue and pages. The article title goes in single quotation marks.

---

### 6 Anatomy: website

12 to 15 min. A website adds the URL and the date you accessed it. This one is a real page: the Peel Harvard guide.

---

### 7 Peel: save it

15 to 18 min. Open [peel.kanbananza.com](https://peel.kanbananza.com), then the app. Save the journal article. Peel finds the details and flags what's missing, here the page range.

---

### 8 Peel: quote it

18 to 20 min. Highlight a sentence and save it as a quote. Peel keeps the page number with it.

---

### 9 Peel: cite it

20 to 22 min. Copy the in-text citation and the full reference. Compare with the guide: does it match?

---

### 10 Ask Pip

22 to 25 min. Ask Pip to explain one rule, for example why the article title is in quotation marks. Pip explains and suggests. You decide. Pip never writes assignment text.

---

**11 Practice: three sources**

25 to 40 min. Hand out the source cards and the three sources worksheet. Circulate. Devices blocked? Use the Peel website and the printed guide pages.

---

**12 AI and honesty**

40 to 47 min. Read each scenario card. Students vote OK, Check, Declare or Not OK, and explain. Link back to timeline card 10. Answers are on the scenario cards.

---

**13 Exit ticket**

47 to 50 min. Hand out the exit tickets. One full reference and its in-text citation with a page number.

---
